

RAILROADS HAVE RIGHT TO ADVANCE RATES IN ALL DEPARTMENTS

Interstate Commerce Commission Gives Authority for Increases Totalling Billion and a Half—Declares Need for More Revenue Easily Proven.

WASHINGTON, July 31.—(By The Associated Press.) Authority for the railroads of the country to increase their revenues by approximately one billion and a half dollars was granted today by the interstate commerce commission. Freight rates will be advanced about one third, passenger fares one fifth and Pullman charges one half.

Coastwise and inland steamship lines and electric railway companies also were granted permission to increase their freight rates in proportion to the increases granted to the railroads serving the same territory. No estimate of the aggregate amount to result from these advances has been made. The new rates in force until March 1st, 1922 will become effective upon five days notice by the carriers to the commission and the public and they must be in operation before January 1. Since the government guarantee expires September 1st, the carriers are expected to bend every effort to put the advances into effect by that date.

To Offset Wage Advance

Increases granted are designed to offset the \$600,000,000 wage advance awarded by the railroad labor board and to provide the six per cent net income on the aggregate value of the railroad properties as permitted under the transportation act. The aggregate value of all of the railroads was estimated by the commission as \$18,900,000,000 as against a book value of \$20,040,000,000 given the carriers.

The twenty per cent increase in passenger fares, excess baggage charges and milk transportation rates and the fifty per cent surcharge on Pullman fares authorized by the commission will be general the country over.

Freight increases will vary according to territory with forty per cent in the east; 25 per cent in the south; 35 per cent in the west—that is from the Mississippi to the Rocky Mountains—and twenty-five per cent in the Mountain-Pacific territory, from the Rockies to the Pacific coast, not including Alaska.

The commission made no attempt to compute the amount of increased revenues the carriers would receive. It did say, however, that the increases were justified in view of the rapidly changing conditions as to prices and the necessity for providing adequate transportation facilities during and after the period of readjustment.

Some Big Figures.

From figures submitted by the carriers, it was unofficially estimated the apportionment would work out at about \$1,285,300,000 on freight; \$233,800,000 on passenger; \$433,600,000 on Pullman; \$4,500,000 on milk and \$1,400,000 excess baggage charges.

On the same calculations, the eastern roads would get the greater part of the total increase, receiving approximately \$873,320,000 as compared with \$559,483,000 for the western lines and \$135,298,000 for the southern carriers.

The increased charges on freight alone was estimated as equaling a levy of \$12 per capita per annum for every man, woman and child in the country. The increases in passenger, Pullman and excess baggage rates were exactly those asked. Freight increases requested were 39.75 for the eastern roads, 32.03 for the western and 38.91 for the southern, the total estimated to yield \$1,356,000,000. The eastern roads were granted .25 of one per cent more than they sought; the western roads approximately what they sought but the southern roads received approximately 14 per cent less than they had requested.

The commission said the financial condition of southern carriers was more favorable and therefore that they did not require as large an increase.

Provide for Betterment.

"The increases," said the commission, "are intended to yield the additional one half of one per cent of the aggregate value of the roads to make provisions for improvement, betterments and equipments. The record leaves no doubt as to the needs of the country for additional transportation facilities."

This one half of one per cent will approximate \$94,000,000. The commission said the carriers had stated that they needed immediately at least 100,000 freight cars, 2,000 locomotives and 3,000 passenger coaches.

The commission's statement says:

"The term 'passenger fares' may be considered to include standard local and interline fares, excursion, convention and other fares for special occasions; commutation and other multiple forms of tickets; extra fares on limit trains and club car charges."

Unanimous Opinion.

The decision which was unanimous, in summing up says:

"Most of the factors with which we are dealing are constantly changing. It is impossible to forecast what the volume of traffic will be. The general price level is changing from month to month and from day to day. It is impracticable at this time to adjust all of the fares on individual commodities."

Government operation was brought into the case by Commissioner Eastman, who disapproved the method used by the commission in arriving at its conclusions. He expressed regret that federal control of the roads was not permitted to continue until the readjustment period.

The commission said that joint or single line thru rates between points in one group of roads and points in other groups should be increased 33.13 per cent and that the increases should apply to individual commodity rates now in effect except that no increase should be made in the rates on ore from the Minnesota and Michigan ranges to Lake Superior and Lake Michigan ports.

As to grain rates the commission said it found that such rates into and out of important grain markets in the middle west might be increased by the general per centages with the understanding that the carriers would, within thirty days after the service of this report file tariffs restoring an equalization of the rates from important producing states to important consuming regions.

PLOT TO MAKE CANTU PRESIDENT

LOS ANGELES, Cal., July 31.—Many former followers of the late President Carranza are involved in a plot to make Governor Esteban Cantu president of Mexico, Eduardo Ruiz, representative here of the Provisional Government of Mexico said today.

Ruiz accused Governor Cantu of being a "reactionary" and described him as the "head of the revolutionary Carranzistas," "political blunderer," and the "greatest figure of political camouflage on the history of Mexico."

The de facto government intended, Ruiz said, to make Cantu a federal officer at Mexico City and to appoint B. A. Almada governor of Lower California. The governors refusal to give up his office changed the government's plans.

FIVE CARS DERAILED

Cedar Rapids, Ia., July 31.—Fred L. DeBattis, 40, of Davenport, Iowa, a commercial traveler and a showman whose name was not learned were injured perhaps seriously when five cars of a Chicago & Northwestern passenger train were derailed between Traer and Buckingham this afternoon. It is thought a broken brake beam caused the accident.

HOLD CONVENTION

Kankakee, Ill., July 31.—About fifty delegates from various parts of the state met here tonight at the annual convention of the Illinois association of Plumbers and Steamfitters. The convention is deliberating over some of the state plumbing laws and is expected to make recommendations for improvements.

ESCAPED CONVICT CAPTURED

Chicago, July 31.—Harry O'Neil, fugitive convict since last March when he escaped from his guards on a train near Springfield, Ill., by throwing one of them from the train and then jumping after him, was captured here today.

POLICE WORKING ON TWO THEORIES IN LOFTIS DEATH

Think Shayne Has Told All He Knew in the Case

APARTMENT REFERRED TO AS "GIRL-TRAP"

Chicago, July 31.—Police tonight were working on two theories in connection with the death of Samuel T. A. Loftis, wealthy diamond merchant found dead in his apartment last night with Miss Ruth Woods, a bookkeeper, who first declared the millionaire had "suddenly" fallen dead after she had called for help when he insulted her," but later admitted that his death came "after a friendly tussle with her."

One theory was that a cerebral hemorrhage, which the coroner's physicians declared caused Mr. Loftis' death, was the result of a fall, possibly accidental. The other was that Loftis had been hit over the head with a broken whiskey bottle found near his pajama clad figure. In their efforts to check up the statements made by Miss Woods and her fiancé, Roy Shayne, who told police he rushed to the apartment following a telephone message from Miss Woods that she was being insulted, police today had Miss Woods re-enact the taxi cab ride she said she took after leaving Shayne with the dead body.

Police tonight expressed the opinion Shayne had "told everything he knew of the case" and declared he would be released on his own recognizance.

Attempts to police today by Miss Hulda Johnson, housekeeper for Loftis for five years, indicated that the party which resulted in the diamond merchant's death was one of many held in his apartment.

She termed the apartment a "girl-trap" and declared Loftis entertained fifty different girls there since the first of January. One bed room was fitted up as a boudoir for women, she said.

The coroner's inquest will be held Monday or Tuesday, it was said tonight.

Police tonight were seeking to clear up the details of the taxi cab ride taken by Miss Woods after she fled from the Loftis apartment.

Attempts to shake the conflicting stories of Miss Woods and Herman Wexler, the taxi cab driver failed to change the statement of either.

Shayne still was being held late tonight and questioned further concerning his statement that "Loftis fell dead, apparently tripping," just as he entered the apartment in response to Miss Woods' telephone call for help.

Police said they were satisfied that Miss Woods was alone with Loftis at the time of his death and that the body was cold when the doctor summoned by Shayne arrived.

They also say they are puzzled over the fact that only \$1.50 was found in Loftis' clothes, declaring that he was known always to have carried large amounts with him.

GOVERNOR CANTU GIVES ASSURANCE TO ALL FOREIGNERS

Cantu Army Will Make its Stand at Town of Enzenada

HILL SAYS PEOPLE ARE WITH HUERTA

MEXICALI, July 31.—(By The Associated Press.)—Designation by Governor Esteban Cantu of Enzenada as the mobilization point for his men and assurances to foreigners in Lower California of asylum in the United States in case of fighting were the chief developments in the situation today.

Several hundred men of the Cantu army were reported on the way from Mexicali and Andrade, near Yuma, Ariz., to Enzenada by motor truck. It was stated at Cantu headquarters that the governor's forces were determined to make a stand at that point which is said to be the destination of some 2,000 federal soldiers reported to have left Manzanillo.

The Cantu forces at Enzenada are to be under command of Colonel Alvarez it was announced.

El Paso, Texas, July 31.—Japanese are enlisting by hundreds in the army of Esteban Cantu in Lower California, according to Henry M. Hill, consul general from the Republic of Panama to San Salvador who is here on his way to Washington.

Mr. Hill said the majority of citizens of Lower California are not in sympathy with Cantu. All Central America, he added, is in sympathy with de la Huerta.

WILL REFUSE TO PUT NAMES ON BALLOT

Iowa Secretary of State Says Candidates Have Not Complied with Law—Acting Under Attorney General's Advice.

Des Moines, Iowa, July 31.—Walter Rimes, secretary of state, said today he will refuse to order placed on the ballot for the November election the names of a number of candidates for congress. He said he was acting under an opinion from Attorney General H. M. Havner.

The opinion said that for candidates to have their names on the ballot they must have been in the primary and received 10 per cent of the votes cast for their party's candidate for governor in 1918.

It is a number of Iowa districts candidates have been selected since the primary at district caucuses, the men chosen, it was said, not having been voted for at the primary.

It is those candidates which will be affected unless the Democrats get court orders that the names be included he said.

MORE PETITIONS ARE FILED AT SPRINGFIELD

SPRINGFIELD, Ill., July 31.—Primary petitions filed with the secretary of state this afternoon were as follows:

For state senator, second district, George Van Lent, Republican, Chicago.

For state representative, fifth district, Harry Smith, Republican, Chicago and John F. Healy, Democrat, Chicago; twenty-eighth district, Frank Trainer, Democrat, Blue Mound; twenty-ninth district, William R. Lloyd, Republican, Chicago; thirty-second district, Charles E. Plack, Democrat, Macomb; thirty-fourth district, Patrick Kane, Democrat, Charleston; forty-seventh district, William Dickman, Democrat, Edwardsville.

WHITE HOUSE AWAITS ACTION OF MINERS

WASHINGTON, July 31.—Pending formal word as to compliance of Illinois and Indiana soft coal miners with orders of their national organization to return to work no steps were taken at the white house today toward inviting the bituminous coal commission to take up the men's grievances.

White house officials indicated they expected no further action on the president's part until it was clear that this condition had been met. In that event they anticipated the word immediately ask the commission to begin its investigation.

STOP ONE DAY PERMITS TO MEXICO

Calxico, Calif., July 31.—Issuance of one day permits to strangers to cross the Mexican boundary was stopped here today by American immigration officials who said they feared tourists might make "indiscreet remarks."

The border officials stated that the permits had been put on persons holding long time passports or border permits.

ST. LOUIS COAL SITUATION

St. Louis, Mo., July 31.—Unless a great improvement is shown in the coal situation here by Wednesday all industrial plants classed as non-essentials will be asked by the emergency coal committee to shut down until a sufficient supply of coal can be obtained to alleviate the shortage.

APPOINTED ASSISTANT GENERAL MANAGER

St. Louis, Mo., July 31.—H. H. Brown of Springfield, Mo., has been promoted from general superintendent to assistant general manager of the Frisco Lines with headquarters at Springfield it was announced today.

HARDING MADE PLEA FOR CLOSER LIFE RELATIONSHIP

Candidate Said People Need to Realize Inter-Dependence

CLASS JEALOUSIES MUST DISAPPEAR

MARION, O., July 31.—Turning aside from the political issues that have been in the forefront of the campaign, Senator Harding took for the theme of his first front porch speech today a plea for solidarity of purpose and mutual good understanding among all classes and geographical sections of the country. Only a spirit of "co-sleeping friendship," he said, could produce the full realization of mutual inter-dependence necessary to attainment of the nation's highest destinies. He pleaded that east, west, north and south and the jealousies of class and selfish interest be forgotten in peace as they had been in war.

Favors Tax Revision

In a passing reference to war time taxes he declared the excess profits tax schedule should be modified to accord with peace requirements and that he would not hesitate to ask congress for prompt action to that end. He added, however, that he was not yet prepared to suggest an equitable substitute. The speech was delivered from the front porch of the Harding residence to a delegation from Mansfield in a neighboring Ohio county which serenaded with four brass bands.

Today's speech marked the formal opening of the front porch campaign, which is expected before the summer is over to bring to Marion many thousands of republican voters. Two more Ohio delegations are to be received during the coming week and two later dates already have been announced.

The great war, Senator Harding said, had helped toward leveling sectional barriers, though there were many ways by which in peace time the rule of "co-sleeping friendship" and equal opportunity could be encouraged. Harding's residence in industry and complete assimilation of the foreign-born he suggested, as pointing the way to a fuller national accord.

Urging also a readjustment of taxation, he expressed doubt whether the war-time excess profits levy was in harmony with peace requirements, but added he had not yet worked out the details of a revised tax system.

Cling to Fundamentals

The league of nations he did not refer to directly, but he declared the nation's "highest duty is to cling to the fundamentals on which we build to world astonishment and hold fast to the nationality which inspired our onward march."

He pleaded that you came not only as Republicans, but as neighbors and friends. We need to cultivate friendliness and neighborliness. I sometimes think in this busy workaday world we are neglecting those little acts of neighborliness which make life sweet and worth while."

He spoke of the early days of Richland county and said:

"I recall distinctly the stories of my great grand mother, who related to me how she had often gone with one bag of wheat on horseback, while the men were busy in the fields, and the cries of the wolves were a frequent accompaniment to the weary homeward journey."

Over Legislation Possible

The senator warned against class distinction and said:

"Here in the middle west where farming is free from tenantry and holds to the normal way and manufacturing is mainly confined to the plants of that moderate size which indexes the surpassing fabric of American industry, we have the touch of intimacy and that closer understanding which emphasize the thought I have in mind."

The speaker warned against too much legislation. He said:

"There is a growing tendency to look to government for all remedies forgetting there are natural laws, that will operate to correct evils, if given a fair chance. Often times well-meaning laws defeat the very object they were designed to accomplish."

PRES. WILSON TO SELL HIS SHEEP

Washington, July 31.—President Wilson has decided to retire from the sheep business. The white house flock of 48 prize sheep which has kept the lawns cut for three summers is to be sold.

The yield of wool has gone to charity, this year to the Salvation Army.

In 1918 the flock produced 98 pounds of wool, which was sold by the Red Cross through the country, bringing in more than \$52,000.

FRUIT VENDER SHOT.

St. Louis, Mo., July 31.—Carroll Bomvesuto, owner of a fruit stand in this city, was shot and killed today while playing a piano in a restaurant near his place of business. His assailant fled but was later captured.

FARRINGTON ORDERS STRIKING ILLINOIS MINERS BACK TO WORK

State President Does Not Wait for Instructions from Lewis—Declares Workers Have Won Signal Victory

SPRINGFIELD, Ill., July 31.—Without waiting for the order of International President John L. Lewis to reach any of the 80,000 striking miners in Illinois, State President Frank Farrington this afternoon stepped in with a command of his own ordering them all to return to work Monday.

"The strike ends with a great victory for Illinois miners," said President Farrington. "The pledge of President Wilson that a scale conference will be called and wage inequalities adjusted, satisfies the miners' demands."

"This strike has run about two weeks in most sections and at least a week in all mines that are idle. Demands of more pay for shift men caused it. It brought out all but about 5,000 workers."

COX FINISHES HIS ACCEPTANCE SPEECH SEEKS RECREATION

Withholds His Comment on Senator Harding's Statement

WILL MAKE REPLY TO P. P. CHRISTENSEN

DAYTON, Ohio, July 31.—Finishing his address for next Saturday, accepting the Democratic presidential nomination, Governor Cox today sought recreation and prepared to turn to other campaign affairs.

Copies of the address tonight were in the mails. The speech comprises about 10,000 words, it is said.

After completing it Governor Cox received two visitors, Professor Irving Fisher of Yale, with whom he discussed economics and Secretary VanDyke of the Pennsylvania Democratic committee.

Governor Cox today continued to withhold comment on the statement of Senator Harding, charging the Democrats with seeking to obscure the league of nations issue and declaring champions of the league of nations with interests were behind the Democratic campaign fund. It was indicated that he would make no response before his address next Saturday and also continue his policy of refusing thru exchange of statements to the press to enter that sort of debate. In his forthcoming speeches, however, the governor's advisers said he would not be backward in the fighting.

Next week the governor will dispose of several campaign matters. Among these is a reply to P. P. Christensen, the Farmer-Labor party candidate, regarding the issue of aid in securing a pardon for Eugene V. Debs, Socialist candidate. Numerous visitors are expected next week, possibly including representatives of the Tennessee Anti-Suffrage League who recently asked for a hearing.

George White, chairman of the Democratic national committee, is expected here late next week for conference.

The special campaign committee of fifteen it is expected will be announced soon after that.

FEDERAL AUDITORS TO EXAMINE BOOKS

BOSTON, July 31.—The examination by federal auditors of the books of Charles Ponzi, maker of millions thru international postage exchange, has but "scratched the surface" according to Edwin L. Pride, auditor in charge tonight.

The examination, it is expected, will not be completed before the end of next week. Three Ponzi reiterated tonight that he had no apprehension as to the outcome of the audit.

"I shall not make public my methods of doing business," he added, "at least for the present. Sometime I may tell but it would be manifestly unfair to persons who have been associated with me to divulge the methods at present."

SUPT. OF SOLDIERS' HOME RESIGNS

QUINCY, Ill., July 31.—Captain John E. Andrew today tendered his resignation as superintendent of the Illinois Soldiers' and Sailors' Home giving as his reason a desire to escape the growing responsibilities. He was appointed by Governor Dunne nearly eight years ago and was retained by Governor Lowden. The resignation is to take effect Sept. 1st. No successor has been named.

SENATOR REED ACTED AS GROOMSMAN

Marion, Ia., July 31.—Senator James A. Reed of Missouri tonight acted as groomsman at the wedding of his brother, John A. Reed, prominent Cedar Rapids attorney, and general counsel for the Iowa Railway and Light company to Miss Sabra Ethelind Clark of Marion.

A Golden Opportunity
To Buy One of the Finest Fishing and Hunting Resorts in This Part of the State.

This tract of land is located 5 miles N. E. of Bluff Springs and about 8 miles east of Beardstown, about 35 miles north of Jacksonville

It contains 412 acres; about 200 acres of good land in cultivation, balance in timber and a lake that covers about 40 acres.

This is one of the best lakes along the river, is of good depth and is fed by springs; well stocked with an abundance of fine fish; one of the finest pole and line fishing lakes in this section.

There is a beautiful grove or camping grounds near the buildings.

The timber is mostly hard wood, there being an abundance of merchantable timber, besides 40 acres of fine pecan grove.

Improvements consist of two large houses in good repair, one large barn, 5 small cottages rented out to campers, ice house and other outbuildings; plenty of fine well water, wind mill.

The present owner is receiving \$4000 per year from the fishing and hunting privileges, besides receiving a good rental from the farm land.

This is a proposition that will pay any man or a company of men to buy and one of the finest resorts in the state.

Its natural lay is fine and the large trees are there and it is well known, so that it is a chance in a life time to make some money, and have one of the big resorts.

Price of this valuable property is only \$100 per acre, for the next 30 days

The reason for selling is that the present owner is getting along in years and wishes to retire.

that the public may have the satisfying assurance of a fuel supply and at prices compatible with the present cost of production.

The New York World refers to the coal operators as brigands. The Chicago Tribune says the industry is as "black as the coal itself." These are merely charges, but there is without doubt a lot of public dissatisfaction in connection with the whole business. It will be a good time now before cold weather comes to have some action looking toward stability.

The transportation tangle is the cause of the inability of the elevators to take the grain offered them by farmers in Morgan county and elsewhere. As a result prices of grain have been going down in a somewhat sensational way for the past ten days. Meanwhile it is interesting to note that the U. S. is importing wheat from Manchuria and oats and corn from Argentina.

Every day now sees a dozen or more automobile tourists. The Nichols park board acted wisely in offering the park for campers. Another thing which should be done for these tourists is to mark the trails plainly thru the city. At least one of the most used trails is marked to the city limits on two sides. The tourist is therefore left in doubt after he enters the city what streets he should take in order to strike the trail he is seeking to follow.

The much needed rain came Saturday morning. The down fall was not all that some farmers wanted, but it did an immense amount of good to crops. It had also a cheering effect on many farmers who were feeling gloom and it is not too much to say that it affected land prices. There were more inquiries about farm lands Saturday than have been made in the previous ten days.

This is the day when boys are coming into their own. In Chicago Boy Scouts and others are organizing to help Coroner Peter Hoffman bring about better observance of the traffic laws and so try to reduce the number of automobile accidents. Just why this comes within the province of the coroner no one seems to know, unless it is the frequency with which his services are demanded in caring for those who violate the speed laws.

Reference has already been made to the number of automobile tourists passing thru the city. It will not be long until that number is increased, because passenger fares on railroads are to be 20 per cent higher in accordance with the interstate commerce commission ruling. That is one increase in living costs that can be avoided in many instances and the automobile furnishes the way, even with gas at 29 cents a gallon.

ECHOES FROM THE PAST
In 1915 the Dayton, Ohio paper Gov. Cox owns had the following:
"Nor is victory by Germany the worst thing that can happen. If the Allies were to win and their winning meant a great increase of Russian aggressiveness on the one side and of Japanese assertiveness upon the other, America might live to be very sorry that Germany had not won."
The following was printed in the same paper in October 1916:
"Speaking in the interest of Justice Hughes, Mr. Roosevelt accuses the Germans of murdering men, women and children. Speaking in the interest of Justice Hughes, he finds fault with President Wilson for not interfering when Germany entered Belgium. Speaking in the interest of Justice Hughes, Mr. Roosevelt condemns the President for writing notes to Germany when the Lusitania was sunk. Can any German sympathizer doubt where, Mr."

LAST RITES SAID FOR M. VAN HOUTEN

Services were in charge of the Rev. M. L. Pontius—Burial in Diamond Grove Cemetery.

The funeral of the late Morton Van Houten was conducted at the family residence yesterday afternoon in the presence of a large number of sympathetic friends and neighbors. The order of Odd Fellows also was well represented at the last opportunity to pay respects to the memory of an honored brother. Beautiful and appropriate music was furnished by Miss Cora Graham, Mrs. W. D. Hitt, Messrs W. W. Gillham and Thomas H. Rapp. They sang effectively, "One Sweetly Solemn Thought," "Rock of Ages" and "Abide with Me."

The services were conducted by Rev. M. L. Pontius, pastor of Central Christian church. He read a portion of John 12 and of Hebrews II. His theme was the life Christ gives His followers. He said in part:

Our Savior said to His disciples, "I have come that ye might have life and that ye might have it more abundantly." Our brother's death is a shock indeed to many of us for they were not aware that he was seriously indisposed. Such incidents are necessary to cause many to feel that they too must sooner or later obey the final summons and go to meet their Maker.

We bring to the bereaved family our tender loving sympathy and while we mingle our tears with theirs we point them to One who will one day wipe all tears from our eyes.

Mr. VanHouten had lived in this place more than fifty years and many well knew him. He was ever quiet and unassuming; never given to boasting or pushing himself forward but was ever known for strict integrity in all his dealings, a kind neighbor, a superior workman, an upright citizen and to his family the life was beautiful, each being devoted to the other's welfare and happiness.

Of him it may truly be said that while he was a builder of dwellings he also builded a worthy life character. Some persons build for fame, some for wealth, some for glory but our brother built for time and eternity a character of which his family may well be proud. He built a life which will endure long after his earthly structures will have gone the way of all the earth.

Christ came to teach us how to build for eternity as well as for time. How little we know what our every day life has to do with our eternal home and character. Our thought and acts are the blocks which go into the structure.

Christ emphasized two great truths which were new yet to the Jews.

God is behind us in all we do if we trust Him. Man is a free, moral agent with an immortal destiny. I am glad I did not live in the olden times when man was looked on as a machine predestinated for glory or woe with nothing to say about the matter himself. God has shown us how to build our characters.

We have the second truth: Our hope of immortality. The prophets of old saw this but very faintly but Christ brought it fully to light. We build daily for eternity and shall receive the reward for what we have done in this life. Mr. VanHouten's structure was solid for its honesty and faithful discharge of duty; love and devotion for his family; and loyalty to his Maker. He will be missed in the home, in the lodge, by the public and wherever he went.

The Savior said He came that we might have life and have it more abundantly and into that eternal life our brother has entered.

Burial was in Diamond Grove cemetery with bearers being: M. R. Fitch, L. Piepenbring, John J. Reeve, T. H. Rapp, Charles Glosop and Thomas Heaton.

The flowers were cared for by Miss Aileen Fitch, Mrs. Harold Gordon, Mrs. Earl Rodgers, Miss Lucille Bolton and Miss Lucille Baker.

TOM DUFFNER'S NEW STORE NOW OPEN

Well Known Clothier Has Fine Establishment at No. 10 West Side Square.

Tom Duffner opened his new clothing store at No. 10 West Side public square Saturday. There was no formal opening because Mr. Duffner merely moved one building to the south of his former location. This building was purchased by Mr. Duffner some months ago in order to provide more room and better facilities for his fast growing business.

The building which is now the permanent home of the Duffner clothing store, is 190 feet in length and there is an immense amount of floor space. Mr. Duffner moved his fixtures and stock from the room he has been occupying for a number of years, and added other fixtures and stock. The result is one of the best equipped clothing establishments in this section of the state.

Mr. Duffner began his business life twenty years ago. He was for a time in the employ of Tamlinson & Bath, then with F. J. Garland & Co. and still later with one of the owners of the Jacksonville Tailoring company. Six years ago he entered the clothing business on his own account and the success he has made is clearly shown by the spacious establishment that he has now opened.

People thru the years have found the Duffner store an exceedingly satisfactory place to do business. Excellent stocks are carried and courteous treatment is accorded to all who visit the store. There is every reason to believe that Mr. Duffner's business will continue to grow in a gratifying way.

JUDGE DAYTON

DIES IN MICHIGAN

BATTLE CREEK, Mich., July 31.—Federal Judge Alston J. Dayton of the jurisdiction of Northern West Virginia and first judge to give a decision on liquor shipments as affected by the new state commerce commission, is dead at a local sanitarium, of heart trouble. He was 63 years old.

Judge Dayton was appointed to the federal bench in 1904 by President Roosevelt, a close friend. He resigned his seat in congress that he had held for ten years to accept it. He was the author of the new navy bill which was enacted when Roosevelt was secretary of the navy. He was at that time ranking member of the naval committee.

COX WILL TELL

WHERE PARTY STANDS

Washington, July 31.—The position of the democratic party with reference to the league of nations will be made perfectly clear when Governor Cox delivers his speech accepting the presidential nomination. George White, new national chairman declared today in answer to the inquiry of Senator Harding as to the party's stand on the administration's foreign policy.

WANT MILITIA REMOVED

Galveston, Texas, July 31.—Suit to end the reign of martial law in this city, was instituted today by City Attorney Fran K. Anderson, acting for the four city commissioners whose powers were partly suspended by the proclamation of Governor W. T. Hobby. The suit was directed against Governor Hobby, Brig. Gen. J. I. Wolters and officers and men of the state troops stationed here.

FOOD SITUATION IS

GRAVE IN ITALY

Rome, July 30.—Grave statements concerning Italy's food position were made in the chamber today by Signor Soleri, the food commissioner. The harvest was disappointing, he reported and despite requisitioning there would be only 12 instead of the forty million quintals of wheat, it had been hoped to obtain.

To meet the needs of the population the commissioner explained, Italy would be required to purchase abroad about 30 million quintals, he added that it was very doubtful whether Italy could obtain her requirements.

SENATOR LAFOLLETTE

IS NOT A CANDIDATE

Madison, Wis., July 31.—Robert M. LaFollette, son and secretary of Senator LaFollette today declared untrue a statement carried in the news dispatches of this morning from Detroit, purporting to come from Howard Williams, a member of the committee of forty-eight, that Senator LaFollette would be the candidate of the committee of forty-eight faction for president.

DISCUSS CAR SITUATION.

Ames, Ia., July 31.—Means of relieving the freight car shortage and reports on rates and conditions were considered today at a conference of the executive committee of the Iowa Farm Bureau Federation and Governor Harding.

RUN OVER BY AUTO

ON WAY TO CEMETERY

Kankakee, Ill., July 31.—Henry B. Ade, 77, of Bradley, Ill., was run over and instantly killed today by an automobile driven by S. Pappanau, a farmer, on his way to a funeral. Pappanau was accompanied by a priest who was anxious to reach the cemetery ahead of the funeral procession and he turned out of the procession. Ade stepped in front of the car.

COMMITTS SUICIDE.

Laporte, Ind., July 31.—The mangled body of Raymond Harmon, about thirty years old, of Laporte was found on the New York Central tracks west of here today. In his hat band was a note which said "It's but misery to live, my brain can't work."

Champaign, Ill., July 31.—Alva Davis, manager of an automobile tire company, sustained serious injury to his right hand tonight when a tire he was adjusting exploded. His thumb was torn almost from his hand.

Philadelphia, July 30.—Four persons were killed and several injured today when fire swept a five story building in North Fourth street occupied by a dozen manufacturing concerns. Search is being made for other bodies believed to be in the ruins.

WASHINGTON, July 31.—Establishment of a civil service department of the American Federation of Labor to embrace all four of the affiliated national organizations of government employees will be among the subjects discussed by the executive council of the federation at Atlantic City, August 2.

MRS. RUFUS WINS PRIZE.—Mrs. Myrtle Mack Rufus recently won a davenport given by the Petersburg Elks in a drawing held in that city. Mrs. Mack resides at 1121 South Diamond street and is secretary-treasurer of the Abbott Light and Power company.

FARM NOTES.—On page 12 of this issue a number of paragraphs appear under the heading "Farm Notes." These paragraphs are not furnished by the farm bureau office and were written several days ago. Weather and price conditions have changed since.

BACK FROM DENVER.—Mr. and Mrs. Albert Phillips and daughter have arrived by auto from Denver where they went a year ago for the young lady's health which has been much improved by the sojourn in the shadow of the Rockies.

POSTAL CLERKS

THREATENS TO QUIT

Chicago, July 31.—Four thousand clerks in the Chicago post office today threatened to resign if P. E. Butler, president of their union, and ten others who have been mailed charged from Washington, are dismissed. The clerks have called a meeting for tomorrow.

OBJECT TO RULE FOR

PREPAYING FREIGHT RATES

Washington, July 31.—Canadian manufacturers and importers are objecting to the requirement of railroads that they prepay freight charges on goods shipped them from the United States, the department of commerce was advised today by Felix Johnson, consul at Kingston, Ontario. The Canadians complain, according to Consul Johnson, that American railroad companies are disregarding the recommendation of the interstate commerce commission that prepayment of freight charges be required only where it was customary in the past.

SHAMROCK SKIPPER

RETURNS TO ENGLAND

New York, July 31.—Captain William P. Burton, skipper of the Shamrock IV, during the international cup races accompanied by Mrs. Burton, the green sloop's timer, and Claud Hickman, its navigator were booked for their homeward voyage today on the steamship Baltic.

PASSES ON BLEACHED FLOUR

Washington, July 31.—The department of agriculture in a statement issued today held that bleached flour coming within jurisdiction of the federal food and drugs act "is adulterated if the bleaching has reduced the quality and strength of the flour or concealed damage or inferiority." Such flour may be shipped only on condition that the bleaching has not concealed inferiority or impaired its quality or strength.

LOCAL RESIDENTS

HEARS FROM FAMILY

The Shad's brothers of this city have received word that their mother and two sisters have arrived safely at Rio Janiero, Brazil and have joined their brother, Lewis, who is in the general merchandise business at Talmat, Brazil.

The women could not come to the United States because the American authorities could not issue passports to them without the permission of the governor of Syria and it was useless to ask him for them because the country is short of labor and tax payers and the government is hostile to emigration.

They left their home, a village about forty miles from Beirut and sixty from Jerusalem, in March and went to Genoa, Italy, where they embarked for South America.

The home town of the Shadids was raided during the late war by the soldiers of the sultan and eighteen of the civilians were killed. The people fled to the prairies where they hid for seven days and then spent three months in a neighboring town before they dared to return to their homes, which they found desolate when they did go back.

HAVE GONE TO

PACIFIC COAST

Mr. and Mrs. W. S. Camp left Saturday noon for California. They are going out by way of Colorado, will visit Spokane, Washington, and then journey by boat to Portland, San Francisco, and Los Angeles where they will remain for an indefinite period. Mr. Camp is on a temporary leave of absence from the Illinois School for the Deaf where he is the head instructor in the department of printing.

CASSIUS EARLER AGAIN BOBS UP IN THE OFFING

Files Information Against P. H. Griggs in the County Court.

Earler is Again the Complaining Witness—Griggs Gives Bond for Appearance.

"And this was the most unkindest cut of all."

Thus quoted P. H. Griggs as he signed a bond for his appearance at the September term of the county term.

The reason Griggs used these words from the immortal bard was that the information filed by Cassius Earler is based, according to Mr. Griggs on a treatment which Earler claims he received from Griggs last spring.

Doc says he doesn't remember the time. However if he had known then what he knows now Mr. Earler might have received a treatment that would have sent him to the junk pile rather than to the state's attorney.

It seems, says Griggs, the peak of ingratitude, for a man to take a treatment and then have a man arrested for giving it.

Four times in recent months, Mr. Earler has appeared upon Griggs' horizon like a pirate craft and each time his appearance has boded evil. Four times has the chiropractor been arraigned and tried on the charge of violating the medical practice act. Four times he has been acquitted.

One of these trials was in the county court about a year ago. Just what the department expects to accomplish is a matter of speculation. If the object is to create a little comedy for the benefit of Jacksonville residents then surely Cassius Earler is meeting with success.

There is only one redeeming feature from the viewpoint of Mr. Griggs. Since his last arrest and prior to that of Saturday he has moved his office to 340 West State street. This places him much nearer the court house and justices of the peace. Now he can go up and sign his bond without without losing so much time.

Some of his friends have suggested that it might save him money and time if he would rent quarters for one of the justices in the same building with him. Then he might get Mr. Earler to take up his quarters at the Dunlap hotel so that he would not get overheated these hot days walking to the court house to swear out warrants.

It might be suggested to the department of registration and education that they have Mr. Earler move to Jacksonville. Doc Griggs is a young man. We also understand that Mr. Earler is comparatively a young man.

If this thing is to keep up until both Griggs and Earler get to be old men it will save the taxpayers a lot of money if he locates here, thus saving hotel bills and railroad fare.

With the utility commission granting all public utilities permission to increase their rates and various other things that are proving expensive it behooves us to try to cut off expenses on some of the corners.

In the meantime we await the next gyrations of Mr. Earler with considerable interest.

SENATOR KENYON

Everyone who heard Senator Kenyon at our Chautauqua several years ago, wanted him to come back. The management tried to secure him and he wanted to come but the demands of the Great War on Congress were such that he could not get away from Washington. This year Congress is not in session in August and Senator Kenyon very promptly accepted a date and will speak on the opening day.

Senator Kenyon has been one of the people's senators and is now chairman of the Senate Committee investigating the expenditures by and for presidential candidates. He is a wonderful speaker, perhaps not an orator, but one who grips the attention of all by his first words and holds his audience as long as he cares to speak. A commoner in person and "manner," he at once arouses a friendly interest which he holds by his marvellous knowledge of public affairs and his ability to marshal facts so as to present his thought clearly and forcefully.

It will be a great opening day at our chautauqua with Senator Kenyon, the delightful Bohemian Orchestra, and Mrs. Helen Brown. Read in popular concert, and Smith Damron in a clay-modelling demonstration.

AEROPLONES VISIT SCOTT COUNTY TOWN

Planes from St. Louis Take Winchester Residents for Air Flights—Other News Notes of Interest from Winchester and Vicinity.

Winchester, July 31.—Three aeroplanes from the St. Louis aircraft corps visited Winchester arriving Friday and departing Saturday morning. A number of local people took advantage of the presence of the machines and made flights in the air.

Ira A. Grimes travelling salesman for the Ichenhauser Co. of Evansville Ind., had the misfortune to lose two traveling bags by theft Friday evening. Mr. Grimes left Winchester on a late train Friday evening and stepped to the rear for some fresh air leaving his bags on the seat. When he returned the bags had disappeared. Mr. Grimes has been traveling for thirty-eight years and stated that this was the first time he had met such an experience.

Mrs. Mary Slater will leave Sunday for Marshall, Mo., where she will enjoy a month's vacation before taking up her duties as teacher in the public schools here.

Mrs. Maude More of Jacksonville is visiting her sister, Mrs. Arthur Markille and family.

C. M. Danner and Warren Sweet returned Saturday morning from Quincy with a new auto hearse which Mr. Danner recently purchased.

Mrs. Emma Stein and Miss Mabel Sage arrived Saturday noon from St. Louis to visit at the home of Mr. and Mrs. J. C. Neat and other friends.

Verlin Summers left Saturday morning for Robinson to visit friends.

Judge J. A. McKean was a business visitor in Jacksonville Friday. He was accompanied by his wife and Mr. and Mrs. Bluford McClure.

Miss Nann O'Donnell left Thursday for Corro Gordo and Chicago to visit relatives.

Balfour Pink--the Granite Eternal

When you erect a monument you are erecting something to stand not for a year or two but for years and years—then you must get the best. Balfour Pink has stood this test.

"In the year 1766, near what are now the quarries of the Harris Granite Quarries Company, the home of Balfour PINK GRANITE, one Michael Braun built a granite house. Today the house stands intact, the pink granite retaining its true color, and we must marvel even more at the qualities of that granite which have enabled it to withstand the successive seasons of heat and frost without deterioration."

Speaker and Hornsby Leading Batters

LEADING BATTERS IN BOTH LEAGUES

Tris Speaker Leads in American League; Rogers Hornsby Leads in the National League.

Chicago, Ill., July 31.—Bagging a hit a day is keeping Tris Speaker, manager of the Cleveland Americans, on top of the heap in the race for the American league batting championship.

Speaker, according to averages released today, wields the gap between himself and George Sisler, the St. Louis star. Speaker is batting .411, while Sisler, in second place fell off to .396. Joe Jackson, of Chicago, is trailing in third place with .395, while "Babe" Ruth of New York is fourth with .393. The average include Wednesday games.

In his last seven games, Speaker crashed out eight hits, while Sisler in extra base hitting, having seven homers, seven triples and thirty-two base hits to his credit.

In home run hitting Ruth continues to be the sensation of the league with a total of 35 up to Wednesday. Rice of Washington continues to show the way to the base stealers with a total of 40. Sisler is next in the list with 26, while Bobby Roth, also of Washington, is third with twenty-one.

Other leading batters. Rice, Washington, .369; E. Collins, Chicago, .351; Meusel, New York, .347; Jamieson, Cleveland, .343; Weaver, Chicago, .342; Hendryx, Boston, .333; Milan, Washington, .333; Judge, Washington, .331.

In the National League, Rogers Hornsby of St. Louis is safely in the lead with an average of .363, although Eays of Boston has an average of .370 for 44 games. Jack Smith, Hornsby's teammate, is second in the list with an average of .329 and Nicholson of Pittsburgh fourth with .327.

Max Carey of Pittsburgh is so far out in front in base stealing with a total of 39 that he is in no danger of being overtaken. Cy Williams of Philadelphia with a total of nine homers, continues to lead in circuit base hitting.

Other leading batters: Roush, Cincinnati, .329; Konetsky, Brooklyn, .323; Williams, Philadelphia, .319; Hollocher, Chicago, .318; Groh, Cincinnati, .317; Myers, Brooklyn, .315; Young, New York, .313; Falek, Chicago, .313.

RALPH DE PALMA WILL ENTER ELGIN RACES

Chicago, Ill.—The annual 250-mile automobile race over the historic Elgin, Ill., course will be decided on August 21 this year. Ralph De Palma, who led the field in the Indianapolis 500 mile race this spring into loss when his car caught fire has entered the Elgin event. Dr. Palma's car probably will be the only foreign entry in the race.

There are two American teams in the individual and five prizes in the team competition. During their shooting at clay targets over the English traps, according to mail advices received today, excellent scores and new records were made by the Americans who were competing against the best men identified with the English clay bird shooting association.

Frank M. Troeh, Vancouver, Wash., broke 109 straight on July 15 on July 16, he broke 138 straight.

The best previous long run in England was 49 straight.

The English clay bird championship was won by Troeh with a score of 39 out of 40. In this titular race Mark Arle of Champaign, Ill., was fourth.

St. Louis, July 31.—"Babe" Ruth of the New York Americans ran his total of home runs this season up to thirty-seven in the eighth inning of the game with St. Louis today.

WILL ALSO BE PLEASED AFTER GAME IS OVER

Courier Baseball Team Will be Pleased With Reverse English After Journal Gets Thru With It.—The Sooner We Play the Better it Suits Us.

In a moment of temporary aberration the manager of the Courier baseball team accepted the invitation of the Journal team to come out and have the diamond wiped up with its members.

The Courier says it is pleased to receive the challenge of the Journal and pleased to accept it. We are glad they are pleased now for their pleasure will be short lived.

We hope the managers of the teams get together and set the date and the sooner they make it the matter we will like it. In the meantime we would suggest that the Courier outfielders practice long distance running so they can retrieve the swats of the Journal sluggers. Then the infielders had best borrow shin guards and get steel helmets and masks to protect them on the infield.

Until we meet in mortal combat. Adieu.

LOCAL HORSE WILL RACE AT MT. STERLING

W. N. Hairgrove's Sim Will Start This Week—Also Has Promising Colt at State Fair Grounds.

"Sim" 2:16 1-4, Wm. N. Hairgrove's bay pacing gelding, is entered to start in the 2:15 pace. Merchants purse of \$400 added money at the Brown County Fair at Mt. Sterling on Thursday, August 5. He is also entered in the 2:17 pace on Friday the 6th, but is only expected that he will start in one of the races—depending on local conditions as to which race he will start.

"Sim" raced in 1917 and 1919 and proved that he was a race horse; he is said to be in better form this year than ever and is expected to bring home a piece of the bacon.

Mr. Hairgrove has a two-year-old pacing filly "Jewell H" out of his fast trotting mare "Florence," 2:14, in training at the State Fair grounds at Springfield, by the great colt-trainer, Alex. Wishart.

Mr. Hairgrove says she is a beauty and he thinks a fine racing prospect. She will start at the State Fair for a breeders record and will race next year in her three year old form. She is staked in all the leading futurities.

This filly is sired by "Tramp Fast" himself a futurity winner. He took a record of 2:12 1-4 in his two year old rays. This filly has already paced a mile in 2:35 and had been trained at the pace less than thirty days. It looks as though she would be one of the very fastest horses from this section of the country.

CUBS WILL HAVE UNDERHAND PITCHER

Chicago, Ill.—With the signing of Pitcher Joe Jaeger, Manager Mitchell of the Chicago Nationals hopes to have the only real underhand pitcher in National league next season.

There is not a single underhand twirler in the league, that style of pitching having become extinct when Erskine Mayer, formerly of the Philadelphia and Pittsburgh clubs, passed out of the ranks.

Mitchell regards Jaeger, an overseas veteran who recently received his discharge from the army, as a real "find." Mitchell declares he never saw a pitcher start a ball so slow as Jaeger. He nearly touches the ground with his hand before he delivers the ball. His curve ball takes a peculiar upward shoot, like his fast one, as he pitches with terrific speed.

Jaeger has not had much professional experience but Manager Mitchell regards him as the most promising prospect in years. He is built along the lines of Grover Alexander, is just as tall and pitches with the same speed as the big Nebraskan.

Before entering the army, Jaeger pitched for independent clubs "round St. Cloud, Minn., his home. He pitched several games while overseas.

STORY OF MINING WAR IN WEST VIRGINIA

Each Side Declares Situation Will
End Only When It Has Won
Complete Victory — Battle
Waged Around Recognition of
Union.

Williamson, W. Va., July 31.—
The campaign of the United Mine
Workers to organize the 5,000
miners in the Mingo county bitu-
minous coal field has precipitated
a situation which each side de-
clares can only end when it has
won complete victory. In the con-
flicts growing out of this move 12
or more persons have lost their
lives. Wages, apparently, form a
secondary consideration, the
battle being waged around recog-
nition of the union and the right
of mine owners to employ private
detectives in and around the mines.

"The men and the operators
could get together and settle this
thing were it not for the ques-
tion of the mine guards," said
Charles F. Kenney, president of
District No. 17, United Mine
Workers, who is in command of
the union forces. "But in their
present temper these men are not
to be fooled with. Right now this
situation is a powder mill."

"There is not a mineguard in
Mingo county, and there has not
been for years," said George
Bausewine, secretary of the Coal
Operators' Association, of Wil-
liamson. "Private detectives are
employed as other corporations
employ detectives for intelligence
work in and around their prop-
erties. They are not used for guard-
ing the mines."

Wages a Secondary Issue.
The question of wages hinges
on the scale paid in the Kanawha
field. The union leaders declare
that adoption of this scale would
increase the earnings of the min-
ers in Mingo, while the operators
insist that their miners under
the scale now in force are being

paid more than it is possible for
the Kanawha miners to earn.
However, little attention is being
paid to that phase of the contro-
versy. Recognition of the union
is the big issue.

The Mingo field includes all of
Mingo county and the mines
along the Kentucky side of Tug
river, a shallow narrow stream
which for miles in this region
forms the boundary between Ken-
tucky and West Virginia. High
mountains rise abruptly on each
side of the river, their sides cov-
ered with a heavy growth of
bushes. Along the mountain sides
are the drift mines from which
comes the coal, and nestling in
the narrow valley are the little
towns where live the miners and
their families.

Fully 75 per cent of the miners
in the region are native born,
many of them the descendants of
pioneers who entered the country
more than 100 years ago, and who
are proud of their lineage. Some
foreign-born miners can be found
in the camps, while numbers of
negroes are employed. Often the
miner owns a small acreage, for
which in the planting and harvest-
ing, he will abandon the mines.

Miners Were Fired Upon.

In some places the miners live
in brick cottages, each having its
garden plot and front porch. Such
a village is Bordertown, where
early this month miners were
fired upon from the mountain-
side while going to work. In other
villages the houses are of frame
construction, each set in its own
garden plot, and for which the
miners pay at the rate of two dol-
lars per month per room.

Williamson, the center of the
region, is pleasantly placed in the
valley, with substantial buildings
and good stores. The Mingo
county court house is one of the
best structures, but the city hall
also is a complete office building,
while there is in course of con-
struction a theater which will cost
\$250,000. The 8,000 residents of
the town very generously enjoy
the prosperity which has come to
the coal trade in the past few
years.

Organizers Sent Into County.

Early in the year the move-
ment to organize the United Mine
Workers was inaugurated by
President Kenney from District
headquarters at Charleston, and
organizers were sent into Mingo
county. They met with such suc-
cess that a demand was made up-
on the operators for the enforce-
ment of the Kanawha scale and
recognition of the union. This de-
mand the operators refused, and
the union called a strike. The
order, mine operators say, was
answered by from 1,500 to 1,800
miners, but the union officials put
the figure higher.

The companies, thru their law-
yers, took the position that the
houses built for the miners who
had gone on strike reverted at
once to the owners.

The miners, in some instances,
held that if the companies wanted
the house of a man they must ob-
tain possession of by due pro-
cess of law.

Numbers of miners were evic-
ted from company houses, and it
was for that purpose private de-
tectives, "mine guards" the min-
ers term them, were sent to Mate-
wan, June 19, and where in the
fight which followed the eviction

of five families, 10 persons were
killed.

Many miners, however, moved
from company houses without
protest, and the United Mine
Workers established for such per-
sons tent colonies along Tug
river near the places of their
former employment. There the
strikers and their families live in
army tents, and there they declare
they will stay until the strike has
been settled and they have re-
turned to work.

DECLARES WATERWAYS PROJECT A NECESSITY

U. S. Senator Townsend of Michi-
gan Will so Designate Great
Lakes to the Sea Project at
Tidewater Congress in Detroit.

Detroit.—An address by United
States Senator Charles E. Town-
send, of Michigan, characterizing
the proposed Great Lakes-to-the-
sea waterways project as a na-
tional necessity, will feature the
opening session here tomorrow
forenoon of the Great Lakes-St.
Lawrence Tidewater congress. In
the succeeding sessions which will
continue thru Saturday, many
other speakers of national note
will address the convention, up-
holding the affirmative side of
the enterprise.

More than 1,500 representa-
tives of 14 central western states
comprising the tidewater associa-
tion and delegates from Canada
will attend the meetings.

One of the main objects of the
meetings is to put definitely on
record the various arguments that
have been advanced in favor of
the proposed marine highway
from the lakes to the sea.

Chief emphasis will be given in
the scheduled addresses, to the
commercial, industrial and agri-
cultural advantages which pro-
ponents of the project contend
the undertaking will yield to con-
tinental north America.

The enterprise contemplates re-
cognition of the St. Lawrence river
between Lake Ontario and
Montreal at an estimated cost of
\$110,000,000. Strongest opposi-
tion has thus far come from New
York. Charles K. Anderson, of
New York, vice president of the
American Manufacturers Exporters'
association, is to address the
afternoon session tomorrow, de-
scribing the project as "A Bene-
fit to the East."

Others expected to address the
meetings include W. L. Ross,
president of the Toledo, St. Louis
and Western railroad, who will
discuss the "Railroad Point of
View"; Senator Irvine L. Lenroot,
of Wisconsin on "The West De-
mands St. Lawrence Outlet to the
Sea"; and Herbert Hoover who is
expected to discuss "Distribution
of Foods."

CAPPS EMPLOYEES ENJOY NICHOLS PARK OUTING

Nearly Two Hundred Join in Picnic—H. M. Capps Makes Brief Address—Athletic Events.

Nearly two hundred enjoyed the picnic and outing at Nichols Park Saturday afternoon given by the employees of the coat department of J. Capps & Sons. Many of the employees took their families and the occasion proved one of great pleasure.

Promptly at 12:30 o'clock the party boarded special cars on West State street which took them directly to the grounds. Here a splendid talk was made to the employees by H. M. Capps, president of the company. Then followed dinner.

Athletic events were then run off under the direction of Moe S. Myer. The judges were J. W. Ward, G. W. Patterson and Louis Mastepietro. The prizes were given by local merchants and manufacturers and the list and names of donors was given in the Journal Saturday morning.

The employees wish to express their thanks and appreciation to those who so kindly donated the prizes and to all others who assisted in making the affair a success.

DANIEL WHALEN IS STRUCK BY TRAIN

Receives Painful Cuts and Bruises When Truck He Was Driving Was Hit By Wabash Train—Is at Our Savior's Hospital.

Daniel Whalen, of 209 East College street, was severely bruised and received numerous cuts last evening about six o'clock when the delivery truck he was driving, was hit by No. 15, West Bound Wabash passenger train at the North East street crossing.

He was delivering bread for the F. F. Schmalz and Sons Bakery to R. M. Ferreira Co., grocery store on East Lafayette avenue. As he was crossing the tracks, going north the train hit the back end of the truck smashing it to splinters and damaging the whole truck. Alderman Cain and Norman DeWees were nearby and they took the injured man to Our Savior's hospital in Mr. DeWees' car, where Dr. J. W. Haingrove was called to dress the wounds.

FORMER RESIDENT

WEDS IN SOUTH DAKOTA

Mrs. Raymond Roberts of Murrayville has just received the announcement of the marriage of her sister, Miss Pearl Cooper, of Aberdeen, South Dakota, to Mr. Julius Kwid of Minot, North Dakota. The bride was until a year ago a resident of Nortonville precinct, living with her parents on the George McNeeley place. The family moved to Aberdeen and it was there that the wedding occurred on July 19. The groom is a baker by occupation now located at Minot, and it is there that the young people will make their home.

Mrs. Kwid has many friends in this county and all will unite in wishing her many happy years of wedded life.

THE CHICAGO CHILDREN

Kind friends who promised to have their cars at the Wabash at 5:20 p. m. Monday please be on hand; also those who are to take the rest of the Chicago children. The beginning seems to have been very auspicious and the hope is that nothing will mar the complete success of the enterprise.

All entertainers please note: It is imperative that the children be assigned before arriving in order to avoid confusion and it will not be practicable to make changes after arriving. The management want to be as accommodating as possible, but changes are not practicable.

WALTER AYERS HOME

FROM NORTHERN TRIP—Walter Ayers returned to Jacksonville Saturday night after an absence of three weeks. Mr. Ayers attended sessions of the Illinois Abstractors' Association in Chicago of which he is the president. Following the convention, accompanied by Mrs. Ayers, he went to Omena, Mich., where they were guests at the home of Mr. and Mrs. E. E. Crabtree. Then a few days were spent with Mr. and Mrs. Vaught at Old Mission. Mrs. Ayers is the guest of relatives at Winnetka. She will return home during the coming week.

FORMER RESIDENT DIES IN PASADENA

Henry H. Richardson Passed Away Saturday Afternoon Following Extended Illness—Will be Buried Here.

A telegram received by the Journal late Saturday night announced the death of Henry H. Richardson in Pasadena, Cal. The illness of Mr. Richardson has previously been noted, as he has been in serious condition for a number of weeks. His brother, William G. Richardson, left for Pasadena a month ago and was there at the final hour.

Henry H. Richardson was a son of the late Peter D. Richardson and left Jacksonville about Jan. 1, 1920 to become a resident of California. Prior to that time he had lived on the Richardson farm near Point church. In 1918 he sold this valuable property to his brother and decided to move to the coast state. While resident here he was known as a successful farmer and business man and lived in a way to command the respect of all who knew him.

The deceased was a member of Hospitalier Commandry No. 31, Knights Templar. He is survived by his wife, together with one brother already mentioned, and two sisters, Mrs. Fred Coates and Mrs. W. K. Stimpkins. The remains will be brought to Jacksonville for interment and announcement of the funeral will be made at a later time.

Social Events

Miss Beulah McMurphy to Wed James G. Capps, Jr.

Announcement was made Saturday afternoon of the engagement of Miss Beulah McMurphy, daughter of Mr. and Mrs. Nelson McMurphy of 1204 West College avenue, to Mr. James G. Capps, Jr. Intimate friends of Miss McMurphy were her guests at luncheon and it proved a most happy social event. Not until the final course did the company have an inkling of the import of the occasion.

The dessert was pink ice cream served in the form of roses and with each flower appeared a miniature bride and groom. Little streamers of ribbon tucked beneath the roses bore the initials B. M., and J. C. and then the secret was out.

The dining room was decorated in pink. A large basket filled with roses and surrounded by candles with streamers of tulle formed a very effective centerpiece. The social prominence of the young people adds to the interest of the engagement announcement.

Out of town guests were Mrs. Frederick Buck, Jr., of Springfield and Miss Katherine Pocock, of Cedar Rapids, Iowa.

Helen Aitor Entertained Company of Little Friends.

Helen Aitor entertained a company of her little friends at the home of her parents, Mr. and Mrs. Charles Aitor, 823 West State street, Saturday afternoon. About fifteen were present the time was pleasantly spent in playing games on the lawn and dainty refreshments were served.

Miss Craig Hostess For Missouri Guest.

Miss Helen Craig of Woodson entertained at cards recently for her college friend, Miss Elsie Porth of Jefferson City, Mo. Prizes were won by Miss Porth and Miss Olive Moore. During the hours, a delicious two-course luncheon was served. The company of guests included Miss Elsie Porth of Jefferson City, Mo., Misses Olive and Helen Moore of Chicago, Miss Irene Merritt of Jacksonville, Miss Lena Megginson of Champaign and Miss Claribel Megginson of Woodson.

LITERBERRY NEWS.

Literberry, July 31.—The rain this morning stopped threshing for an hour or two but did not amount to more than enough to lay the dust.

The elevators here received four cars about 5 o'clock this afternoon and will probably work most of the night getting them loaded and shipped. This will relieve the threshing conditions in this vicinity considerably.

Among the Literberry representatives in Jacksonville today were: Mr. and Mrs. O. N. Petefish, Mrs. Frank Gish, Mr. and Mrs. James George and family, Mrs. James Roach and daughter, and Miss Eva Lee Hull.

We endeavor to have at all times styles, qualities and sizes of Men's Hats and Furnishing Goods to please the men of this community. **FRANK BYRNS Hat Store.**

Howard Whitney and Miss Leah Peters Surprise Friends By Secret Marriage—Other White Hall News Notes.

White Hall, July 31.—The marriage of Howard Whitney and Miss Leah Peters took place in St. Louis Thursday, and the event was wholly unexpected by their home friends and even the parents. The bride was visiting her sister, Mrs. Dawdy, at Elsie, Jersey County, whose husband is the Methodist pastor there, and was joined there Thursday by Claude, the young man proceeding to St. Louis in an automobile. The bride is the daughter of Mr. and Mrs. John Peters of White Hall, graduating from the White Hall high school this spring. The groom is the son of Mr. and Mrs. Frank Whitney residing just north of White Hall. He graduated from the White Hall high school

Writes of Earthquake.
 White Hall, July 31.—The first direct mail advice from Los Angeles since the recent earthquake comes from Mrs. Minnie Pierce, who reached there the day prior to the first reported quake. She is sojourning with her son, A. S. Pierce, a printer in that city, and concerning the quake she says: "We read in the papers that it didn't amount to much, but if you had felt it as we did, you would never forget it. One scientist is credited with saying that if the tremor had lasted two seconds longer, one pair of Los Angeles would have been another San Francisco. We know that hundreds of tourists who had just come, left that day and the next for home. I honestly thought if they turned on any more like one of the tremors, I could not stay, but we soon forgot."

Tells of Kansas Conditions.
 Rev. E. C. Lucas acknowledges receipt of an announcement of the proposed Wendell-Reavis debate. He was at Stockton, Kansas, last week, and thinks White Hall has some summer excitement. So far as carrying out the debate the Wendell acceptance seems to have caused his opponent to flunk under some sort of financial requirement. Rev. Lucas says Kansas is harvesting the biggest wheat crop in its history in both quality and quantity. It was 112 in the shade last Friday (it was 101 at White Hall). He says he saw a dog chasing a jack rabbit, and both animals were walking on account of it being so hot. He says he finds chautauqua work becoming irksome, and will try to be relieved or resign before the end of the season and have a few weeks of rest before returning to pastoral duties at White Hall, September first.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

THE first appeal of our five-passenger "Glenbrook" model is, quite properly, its exquisite beauty and distinctiveness. To merely look at the car is a pleasing experience.

The second appeal develops upon acquaintance with one of the most remarkable power plants in the entire field of six cylinder engineering. Thus admiration is supplemented by profound respect and both appeals merge into Pride of Ownership.

This new Paige motor is an unusual achievement. It is the result of more than three years of patient research and experiment. It is actually and literally a product of our war time experience.

Furthermore this power plant is an altogether distinctive product—conceived by our own engineers and built in our own plants by our own workmen. It represents in fullest measure all that the Paige nameplate implies.

SEATS RESERVED FOR LADIES

There are 24 seats in Central park in addition to the one used by persons waiting for a street car. Several times a complaint has been made to the park board that the seats are too much occupied by men giving ladies no chance to have a seat unless in company with strange men which would be undesirable. Accordingly, the park board has had signs designating half the seats for ladies only and it remains to be seen how well the mandate will be obeyed.

It would seem that if half the seats holding four or five each, should be enough for the ordinary use of men of leisure so that ladies who want a resting place may have one in comparative quiet and under the shade. A number of years ago the park board had a number of seats painted white and especially designated for ladies and it seemed as if the gentlemen of elegant leisure sought them out in preference to the others and the attempt to reserve seats for ladies was abandoned. It is to be hoped that a better sentiment now prevails.

Another enterprise of the park board has been the improvement of the drives in the park. It is believed they are now in very good shape and when our friends come to visit the chautauqua they will find nothing of which to complain. The new lake causing the east exit from the park to be changed has entailed a great deal of expense on the park board but conditions are now good.

A ROMANCE OF THE SOUTH SEAS

This will be the subject of the popular outdoor illustrated sermon on the lawn of Brooklyn church Sunday evening, Aug. 1. In forty five beautiful views the story will be told on the canvas of the romantic life of John G. Paton in the New Hebrides. How the power of the Gospel transformed cannibals and head hunters into followers of Christ. Come early if you want a good seat. The service will be held in the church if it rains. G. W. Randle, pastor.

FORDSONS MOVING

C. N. Priest, the Ford man, has returned from Winchester, Bluffs and Meredosia, and is pleased with the way that Fordson Tractors are moving in that part of his territory. Mr. Richard, south of Bluffs, threshed 700 bushels of wheat per day and used a Fordson Tractor to pull the separator. SO MUCH FOR POWER FARMING.

Marshall Stout of the west part of the county visited the city yesterday. He has been a sufferer with rheumatism for a long time and is glad indeed to be out again.

Story's Exchange

THINK A MINUTE—Millions and millions of dollars in Morgan county banks—the people's money. Week by week millions more are being deposited, due to income from land. If you have more money to deposit, buy more land.

- 40 acres near Woodson, nearly new house and barn and other good buildings. A nice home for \$6000.
- Near Murrayville we have 40 acres with full set of improvements for \$2500 an acre.
- Near Jacksonville we have 30 acres with plenty of buildings and an abundance of fruit, \$300 an acre.
- Near Jacksonville a 120 acre farm, splendid land, plenty of improvements for \$300 an acre.
- Near Alexander 120 acres black prairie land, fine new improvements, \$400 an acre.
- 160 acres splendidly located, new house, large barn and other buildings. \$250 an acre.
- Near Jacksonville a choice farm, ideal location, at \$375 an acre.
- 100 acres, nice new house and other buildings, nice orchard, at \$200 an acre.

CITY PROPERTY

The increase of population has far outstripped the building of homes and with the coming of winter, people are getting desperate. We are trying to get homes for everybody.

- In the third ward we have an eight room house, modern, \$4500.
- In the second ward we have a new bungalow with sleeping porch and a new garage for \$6000.
- In the fourth ward we have a nice 8 room house, modern, for \$6000.
- In South Jacksonville a new house of 8 rooms, two large lots, for \$8000.

MONEY

We have to lend \$2000, \$5000 and larger lots.

NO CHINESE LABOR FOR ILLINOIS FARMS

"There is no place in Illinois agriculture for Chinese labor," says Howard Leonard, president of the Illinois Agricultural Association. The Illinois Manufacturers' Association asked the farmers organization if they were willing to co-operate in a campaign to bring in Chinese labor for the farm. The executive committee of the Illinois Agricultural Association answered positively "No."

"Our farmers need expert labor," said Mr. Leonard. The average investment of the farmers of my county is \$55,000. When a man goes to the field to do the simple operation of plowing, he is handling a \$1,000 machine, and the work which that machine does is reflected in the crops that are raised six months later. We can come as near using Chinese labor as any other business with an investment of \$55,000 run by two to four men. Agriculture must be built on a permanent basis if it is expected to feed the people of fifty years from now. We cannot do this with labor that knows nothing about the business and has no interest."

The Agricultural Association meeting brought out the fact that the farmer has to take his hired help with him to dine and sleep.

EIGHT YEARS TROUBLE COMES TO HAPPY END

Gains Twenty Pounds in Weight and is Strong and Robust Since Taking Tanlac.

Still another well known Illinois man relates his remarkable experience with Tanlac. W. E. Day, 523 North Sixth Street, Springfield, agent for the Prudential Life Insurance Company, says:

"I have read lots of wonderful statements that have been given Tanlac, but I don't believe anyone ever had better reason for praising the medicine than I have. Before taking Tanlac my kidneys were badly out of order and I had suffered with the worst sort of rheumatism for about eight years. My arms and shoulders pained me terribly and my legs would swell and ache so that for days and even weeks, I couldn't get out of the house. My back hurt me so bad I could hardly bend over and straighten up and it was agony for me to turn over in bed. I was also in a very badly run down condition and while in this deplorable shape, something over a year ago, I came down with the 'flu,' had pneumonia and came near passing out. I was in bed for months and when I did get out I was only a shadow of what I used to be. Of only did the 'flu' leave my rheumatism worse, but I found my stomach all upset so that I was compelled to live on liquid diet. No one thought I would live and I don't reckon anybody ever had a much closer call.

"Now this is just the condition Tanlac pulled me out of and made me into a strong, robust man and I could not do otherwise than praise it. The way I have picked up in weight and strength is nothing less than wonderful. Not only have I gotten rid of all the effects of influenza, but the rheumatism and stomach trouble have left me and I have also gained twenty pounds in weight. My kidneys and back never bother me any more and, in fact, I don't see how anyone could feel any better than I do. I sleep like a child every night and feel fine in every way. A medicine that will do what Tanlac has done for me is certainly worth recommending and I am glad to make this statement for what it may be worth to others who are trying to find the right medicine for their troubles."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town. —Adv.

HOME MADE RECIPE. CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Aroclor and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Farm Bureau Notes

There is no denying that Morgan county needs rain. This doesn't mean simply that the roads are dusty and that a rain would make conditions more comfortable for travel. It means that the corn crop is sorely in need of further moisture. It is true that farmers are inclined to be alarmed before the facts warrant it, but in the present instance there is really some cause for concern.

Most of the rains which have come in the past ten or twelve weeks have been local and there has been no rainfall since May.

Before that time there was an excess of rain, with the result that farmers hardly had the opportunity of planting corn. In many fields the planting work was done fully four weeks after the normal time and generally speaking, the corn crop in Morgan county is today from three to four weeks later than usual.

Many corn fields are just in condition when a rain is especially needed and a good downpour inside of the next three or four days will make a tremendous difference in the total corn yield of this county.

If rain does not come the corn crop is not going to be a failure but the lack of rain is certain to reduce the crop total. While some corn is so immature that it can be plowed in other fields it is in the tasseling stage and rain is particularly needed.

What obtains here is true all over the corn belt and both the quantity and the price of this year's crop will be largely determined in the course of a very short time.

Another determining factor as to the general price of the crop will be the lateness of the season. Even if generous rains come in the course of the next few days and crop conditions improve, should there be early frost there will be a great deal of soft corn and a consequent shortage of solid corn of normal growth.

with comparative rapidity in recent days altho it has been estimated that not nearly one-half of the wheat crop in Morgan county has been threshed. In many localities this work has been delayed because of the inability of elevators to secure the necessary cars for shipment. This lack of transportation has brought about some very unsatisfactory conditions. At some elevators, for example, that are now full of grain no price is quoted the farmers even if an occasional car is secured and the elevator gets in position to take in a little more grain.

The plan followed at some of these elevators is simply to accept the grain for storage and a price will be quoted later on after the elevator has shipped out all of the grain bought at a definite price and sold. The reason for this reluctance on the part of some elevator owners to name a price is this matter of cars. Market and shipping conditions are so uncertain that they are afraid to buy grain and sell it to the central market because the selling price is based upon the ability to deliver at a certain time.

There seems to be also a great variance among elevator operators as to the price paid. At Chapin, for example, Mr. Perbix paid as high as \$2.63 when elevators located a few miles from him were offering \$2.50. Yesterday one elevator not located in Jacksonville was offering \$2.35 for wheat, while another elevator operated within a radius of a few miles felt that \$2.25 was all market conditions justified.

It should not be considered that the elevator man who offers less than some of his competitors is taking advantage of a situation. Storage and shipping conditions vary so much with elevators and there is such a difference of opinion as to what the future holds that it naturally follows that there is a great deal of difference in the bids made for the grain.

Miss Harris Stiggal of Springfield was a visitor in the city yesterday.

FUNERAL NOTICES

What is Chiropractic Adjustment?

Some folks who first thought that Chiropractic was everything except a wonderful, new health method, have gained peculiar impressions of what a Chiropractic Adjustment really is.

An adjustment is primarily given with only the Chiropractor's two hands. How he does it; why he does it; what part of the spine he does it to, are all part of his Science. The expert knowledge is acquired only after years of intense study and practice.

After analyzing the spine and finding out the defects that impede nerve energy and result in disease, the Chiropractor adjusts the movable bones of the spine back to their proper, normal positions. The cause is removed; the pressure on the nerves is relieved and normal function is resumed. With complete nerve energy restored, the natural forces of the body build up the weak and diseased organs. Health results.

CHIROPRACTIC THE BETTER WAY TO HEALTH

is in full accord with the laws of man's being. No drugs or surgery are used. Chiropractic (KI-RO-PRAK-TIC) is being endorsed by authorities everywhere from the scientific standpoint, because it is right. Its marvelous record of accomplishment recommends it to all who are not up to the mark in health and efficiency. Give Chiropractic a trial.

J. A. WEEKS

Arenzville — Illinois

PRESENT BOTH SIDES IN LABOR CONTROVERSY

President of United Mine Workers and Coal Operators Representative in Statements About Industrial Conflict in West Virginia.

WILLIAMSON, W. Va., — An industrial conflict is being waged between mine operators and leaders of the United Mine Workers over the question whether all the bituminous coal miners in West Virginia shall be organized as union men.

The miners' leaders also demand that the scale of pay now in use in the Kanawha field be adopted in the Mingo county bituminous field here.

Charles F. Keeney, president of District Number 17 of the United Mine Workers, who is in command of the union forces, explains the situation here by saying:

"Campaign Well Under Way.

"There are approximately 55,000 organized miners in West Virginia and 35,000 who have not yet been organized. These unorganized men are mostly in the counties of Mingo, McDowell, Logan, Raleigh, Mercer, and Wayne, all in the southern part of the state. The campaign to organize these miners is well under way and we expect to have it completed before the snow flies.

"The men and the operators could get together and settle this thing if it were not for the mine guards. They are depriving the men of their constitutional rights and that brings about trouble. Well I understand the sheriff of Pike county has deputized some 300 men and the coal companies are paying them, while detectives on the border between Mingo and McDowell counties with rifles and machine guns.

"What would happen if an attempt were made to operate the mines here with non-union men. I wouldn't like to say. But in their present temper these men are not to be fooled with. Right now this situation is a powder mill. The men have no complaint when the law is enforced by the proper authorities. But they will oppose to the last, use of private armies enlisted by the coal companies."

Harry Olmstead, of the Coal Operators' Association of Williamson, gave the other side of the controversy.

"Want to Organize Field.

"The United Mine Workers want to organize their field," said Mr. Olmstead, "and then move on to the larger and more important fields of McDowell, Wyoming, Mercer counties, and what mines have not been organized in Raleigh. These are the last important unorganized bituminous coal fields in the country and with these organized, the union will control the bituminous production of the United States. They will then be in position to enforce the demands formulated at the Cleveland convention last year, and which they could not enforce in the general coal strike last year, because our mines in this part of the state were operating and our men stuck to their posts. We saved the country from suffering because this field was not organized."

"The Kanawha scale which the union demands is less than the scale we are now paying, and I don't know that the question of treatment or working conditions has entered into controversy. It is just a question of the United Mine Workers unionizing the mines with all that such a course carries. We object to that because for a matter of 20 years, we have enjoyed peace and quiet here in this field and I may say that because of this we have made the success of this field possible.

No Union Sentiment.

"All differences have been settled by operators and miners, and settled satisfactorily. I know of some union men who have come in here from union fields but they left just as soon as the union organizers came in last spring. I don't believe there is any basic union sentiment in the field, because the men have always made good money.

"The mines are among the best in the state. We have no gas and consequently no explosions and the living conditions in the valley are good.

"The Baldwin-Felts detectives, about whom one hears so much are not employed to guard property and in no sense are they mine guards. In fact there is not a mine guard in Mingo county. These men are employed by the companies as any corporation which does not have its own intelligence department employs such men."

The Mingo district produced last year about 6,000,000 tons of coal worth about \$16,000,000 with the loss of only six lives, according to J. W. St. Clair, state mine inspector for that district.

STATE WIDE CAMPAIGN OF BEAUTIFICATION

Organization Seeks to Awaken Interest and Stimulate Community Beautification All Over State — Lorado Taft at Head.

Chicago, Ill., July 30.—Effort to awaken art interest and stimulate community beautification over Illinois, is now organized on a state-wide basis, with Lorado Taft, well known Chicago sculptor, at its head. First reports will be made to the annual "A. B. C." conference at the University of Illinois next October.

"The Art Extension Committee which was derived from 'A Better Community' conference is the name of our organization," said Mr. Taft today. "It is a direct outgrowth of the last conference. At that time people over the state who were interested held a dinner, and last week in Chicago, we had our first official gathering."

"Representatives of 25 Illinois cities attended. The meeting was so encouraging that I am hopeful we may have them every three months. Charles A. Bennett of Peoria is secretary of the committee.

"The committee plans to bring together helpful experience and suggestions from the various cities of the state, to select for immediate use such as signs, available, and to place the rest on file for later consideration. We hope soon to start out some traveling lecturers. Our plans are modest and we wish to make no flourish until we get something done."

"I am now working on an exhibition of the best in Illinois sculpture. This will be made in large photographs and sent from school to school and from club to club. It will be shown at the next community conference. In the course of a year a collection can make a great circuit over the state."

We are hopeful of having ready for the next community conference a group of suggestions for community houses and an exhibition of good settings for schools, in the way of trees and flowers.

Our plans point particularly to work in the public schools and among the clubs. Many of those who are interested are teachers in manual arts. We are thinking of starting competitions in the schools in selection of points of beauty about them.

"I have about decided," added Mr. Taft, "that improvement in this direction must begin with the children."
